

**August 2024**

**Thanks to All! Updates/Comments on Correspondence**

Dear Everyone who loves Drag Racing,

We desperately need a drag strip/facility here in the Salt Lake Area!

As a reminder, UDRC is seeking a public/private relationship with the State of Utah on property owned by the State. UDRC is asking the State of Utah and other Government stakeholders to work with UDRC on a public/private partnership and make this need for a 1/4 mile drag racing facility a reality. A similar scenario came to life in Vernal, Utah. The 1/8 mile drag strip in Vernal began as a public/private partnership with a parcel of US Bureau of Land Management (BLM) land. The BLM also worked similarly with the race track in Price, Utah.

**Updates for August:**

1940+ people have signed on for our upcoming petition we plan to bring before the State Legislature as soon as feasible.

UDRC has begun to draft the petition IAW Utah law and applicable rules. When appropriate, UDRC will publish the actual petition documents to provide clarity for all stakeholders.

UDRC has and is seeking advice and counsel from various government leaders on the process and approach.

UDRC has and is seeking the environmental information relevant to the remediation plan for the subject property.

UDRC has obtained and is seeking cost estimates for construction, drag strip related equipment, and overall project planning.

UDRC has and continues to seek stakeholders who have vested interest in drag racing and has made a variety of contacts to include NHRA officials.

UDRC made several contacts and provided literature on the effort at the Hill AFB car show on August 29th.

Peach Days is coming up in Brigham City on September 7th, please ask your friends and family to stop by the UDRC booth and sign on!

**A note about Petitions:**

The First Amendment is the cornerstone of a government of, by and for the people. One of the five freedoms it guarantees is the right of the people to petition the government for change.

URL for the above quote. <https://www.freedomforum.org/freedom-of-petition/the-right-to-ask-the-government-to-fix-a-wrong/>

UDRC is seeking industry/private partners! The capital needed for a first class facility is significant.

We need to fix the street racing epidemic in Utah by bringing back a track that features a venue similar to "Midnight Drags."

There are hundreds of stories and articles in these last 5 years since RMR closed related to street racing, some with tragic endings. People must have a legal and safe place to race!

The problem is real, please watch: <https://www.youtube.com/watch?v=4KuCFIc-wYw>

We need and appreciate everyone's help and support to "Bring 1/4 mile drag racing safely back to the Salt Lake Region!"

Thank you to everyone who has joined on to our petitioning effort at [www.udrc.us](http://www.udrc.us)! Please continue to spread the word!

Best regards,

Scott

PS – The people of Utah own the land we are asking for and we own our future together. This need grows more each day, let's make a better future to race in the right place

## Old friends and dedicated drag racers Bob Hauck (RIP) and Don Faldowski racing in 2013 at RMR.
